

Azure Pipelines

This screenshot shows the 'Pipelines' overview page in Azure DevOps for the 'ResourceManageGroup' project. The left sidebar contains navigation links for Overview, Boards, Repos, Pipelines (selected), Environments, Releases, Library, Task groups, Deployment groups, and Project settings. The main content area is titled 'Pipelines' and includes a 'New pipeline' button and a 'Filter pipelines' dropdown. Below this, the 'Recently run pipelines' section displays a table of recent runs.

Pipeline	Last run
ResourceManageGroup-ASP.NET Core-CI	#20240118.1 • Set up CI with Azure Pipelines Manually triggered for P master 3h ago 1m 46s
ResourceManageGroup	#20240118.1 • Set up CI with Azure Pipelines Individual CI for P master 8h ago 1m 16s

This screenshot shows the details page for a specific pipeline run: '#20240118.1 • Set up CI with Azure Pipelines' for the 'ResourceManageGroup-ASP.NET Core-CI' pipeline. The left sidebar is identical to the first screenshot. The main content area shows the run's status as successful (green checkmark) and includes a 'Run new' button. A message states: 'This run is being retained as one of 3 recent runs by master (Branch). View retention leases'. Below this, the 'Summary' tab is active, showing details about the run initiated by 'Kishore Vijay'.
